

UNIVERSITY OF LEEDS

CANDIDATE BRIEF

Clinical Lecturer in Paediatric Dentistry with Honorary Consultant status, Faculty of Medicine and Health

Salary: New Consultant Contract (£77,913 - £105,042 per annum) depending upon seniority experience

Reference: MHDEN1154

Closing date: 4 August 2019

This post is being advertised in conjunction with MHDEN1155. Please note there is only funding for one appointment at 100% FTE.

Clinical Lecturer in Paediatric Dentistry with Honorary Consultant status

School of Dentistry

Are you an experienced clinician in paediatric dentistry committed to delivering clinical care to high standards? Are you passionate about delivering outstanding teaching and scholarship and an exceptional student experience? Do you have a research degree or wish to undertake a research degree? Are you able to use your experience and skills to bring out the best in others and support their development? Are you looking to develop yourself?

We are seeking a highly motivated individual committed to further develop their skills in teaching and research in paediatric dentistry and overall leadership. You will have overall strategic and academic management responsibility for paediatric dentistry in the undergraduate Dental Surgery programme and will contribute to postgraduate teaching and research supervision in paediatric dentistry.

You will have a commitment to teaching and scholarship that is forwards looking and reflects the needs of current students. You will be committed to developing your own research profile within the School's research themes and to contribute to high quality outputs with associated impact as well as contributing to high-quality postgraduate research student supervision. You will have a commitment to you own development as well as the development of others within a team approach to deliver an exceptional student experience.

You will also work as an Honorary Consultant in Paediatric Dentistry with Leeds Teaching Hospitals Trust as part of a consultant team contributing to the clinical paediatric dentistry service delivery with an emphasis on clinical teaching and high quality patient outcomes and experience. You will be responsible for meeting the requirements of the Trust in terms of clinical governance and fulfilling the agreed job plan (see appendix).

You will have a BChD or BDS degree (or equivalent), full registration with the UK General Dental Council and be on the GDC Specialist List in Paediatric Dentistry. To be eligible for appointment at Consultant level you will also have completed successfully an SAC-approved 2-year minimum training programme in a Fixed Term Training Appointment (FTTA) in Paediatric Dentistry, or its equivalent.

What does the role entail?

As a Clinical Lecturer in Paediatric Dentistry your main **academic** duties will include:

- Leading the planning, delivery and review needed for ongoing development of paediatric dentistry in the undergraduate Dental Surgery programme;
- Contributing to planning, delivery and review of the postgraduate courses in paediatric dentistry;
- Pursuing, developing and taking forward pedagogic developments, producing scholarly publications and disseminating findings across the University and externally;
- Undertaking research-led teaching and student project supervision on undergraduate and postgraduate taught courses;
- Delivering high quality student education, including collecting and responding to student feedback in a timely fashion;
- Developing and utilising innovative approaches in student education and research;
- Creating, managing and marking assessments in accordance with the School's assessment strategy;
- Providing support and guidance to students, acting as a personal tutor, resolving and/or referring to specialist parties where appropriate;
- Promoting the integration of your own research area with other research interests within and outside the School, Faculty and University;
- Developing and maintaining a high quality record of original research publications that are of national or international standing, as judged by the Research Excellence Framework standards;
- Building and sustaining relationships in the wider external academic/professional community to support the enhancement of Paediatric Dentistry;
- Contributing effectively to the administrative processes and committee structures of the School and Faculty, and as appropriate across the University.

As an Honorary Consultant your main **clinical** duties will be:

- Providing high quality specialist NHS treatment in paediatric dentistry for patients in Leeds Teaching Hospitals NHS Trust including patients requiring General Anaesthesia and sedation services in secondary and tertiary care settings;
- Contributing to clinical quality improvement such as clinical standards meetings, clinical audit and development and application of agreed clinical guidelines;

- Responsibility for the continuing care of patients and responding promptly to emergency calls from the Hospital;
- Working with NHS and University colleagues to further develop the clinical service as a centre of excellence in care and clinical research;
- Contributing to clinical training of trainees (including dental core, specialty and post CCST trainees) and postgraduate students within Paediatric Dentistry;
- Maintaining and updating your skills and knowledge through pursuing a programme of CPD in accordance with the requirements of the GDC and meeting the requirements to remain on the GDC Register and Specialist List in Paediatric Dentistry;
- Participating in the NHS/University Joint Appraisal Scheme and annual joint job plan review.

These duties provide a framework for the role and should not be regarded as a definitive list. Other reasonable duties may be required, consistent with the grade of the post.

What will you bring to the role?

As a Clinical Lecturer in Paediatric Dentistry with Honorary Consultant status, you will have:

- A BChD or BDS degree, or equivalent;
- Full registration with the UK GDC;
- Membership in Paediatric Dentistry of a Royal College of Surgeons or its equivalent;
- Possession of a Certificate of Completion of Specialty Training (CCST) in Paediatric Dentistry or equivalent (as required for specialty listing);
- GDC Specialist Listing in Paediatric Dentistry or the requirements to make a successful application before taking up the post;
- Successfully completed an SAC-approved 2-year minimum training programme in a Fixed Term Training Appointment (FTTA) in Paediatric Dentistry, or equivalent;
- Intercollegiate Specialty Fellowship Exit Examination in Paediatric Dentistry or equivalent;
- The ability to demonstrate a high level of clinical experience in paediatric dentistry including experience of effective participation in audit, clinical governance or other initiatives that contribute to quality improvement;

- A track record of research-informed teaching developed through feedback to deliver an excellent student experience;
- Knowledge of current educational technological advances and innovative approaches to inform effective and inspiring teaching valued by students;
- Evidence of the development of educational experiences and/or a portfolio of modules as part of student education;
- Experience of supervising undergraduate or postgraduate taught student projects/dissertations;
- A developing track record of research activity with associated outputs (e.g. national or international publications) and intention to complete a research degree if appropriate;
- A developing track record of securing funding for research, education, scholarship and /or knowledge exchange activities;
- Evidence of effective leadership within an academic setting;
- Evidence of effective communication, presentation, team working and networking skills;
- Evidence of a commitment to your own continued development.

You may also have:

- Registration with FHEA or equivalent;
- A PhD or other doctoral degree;
- Membership/Fellowship of the Faculty of Dental Surgery or equivalent;
- Experience of collaboration on cross-disciplinary projects;
- Experience of Quality Assurance and Enhancement in Learning and Teaching.
