Reference: ENVEE1849

Location: Please note this post is based in Duddon Valley, Cumbria

Fixed Term for 12 months to complete specific time limited work.

1FTE, 35 Hours per week

We are open to discussing flexible working arrangements.

Upper Duddon Project Monitoring and Evaluation Officer

School of Earth and Environment, Faculty of Environment

Overview of the Role

Are you a highly motivated to help develop nature friendly farming? Are you capable of building and managing relationships with farmers?

The Upper Duddon Landscape Recovery project is an ambitious, multi-partner project restoring habitats and nature to the Upper Duddon valley in the Lake District National Park. The project is funded through Defra's Landscape Recovery scheme. It brings together farmers, the local community and environmental organisations to deliver large-scale restoration of habitats across a farmed and forested upland landscape in Cumbria. The project includes the National Trust, Forestry England, South Cumbria Rivers Trust, the University of Cumbria and Natural England.

As a highly motivated Project Officer you will develop and deliver a monitoring and evaluation programme for the Upper Duddon Landscape Recovery Project. You will be responsible for developing and coordinating systems to track ecological, social, and economic outcomes of the project. You will lead collecting, analysing and reporting on data. You will work with volunteers and staff to deliver data collection and as part of volunteer citizen science.

You will build and maintain an effective working relationship with all stakeholders and project partners. You will communicate the success of the Upper Duddon Landscape Recovery project to a range of partners. You will have passion for nature recovery and experience of monitoring ecological and ecosystem outcomes.

This is a full time position, based in the Duddon Valley in Cumbria.

What does the role entail?

As a Project Officer, your main duties will include:

- Develop and deliver a monitoring and evaluation programme;
- Data collection including organising and carrying out ecological, species and habitat surveys;
- Data analysis;

- Preparing progress reports for Defra, partners, and local communities.
- Organisation of citizen science and student placements;
- Geospatial mapping;
- Carbon assessments and support of carbon credits;
- Communicate the outputs of the work through project meetings as appropriate;
- Building and maintaining effective relationships with project partners and a range of external stakeholders;
- Attending training events and visits to similar projects;
- Maintaining your own continuing professional development.

These duties provide a framework for the role and should not be regarded as a definitive list. Other reasonable duties may be required consistent with the grade of the post.

What will you bring to the role?

As a Project Officer, you will have:

- Experience of designing and delivering a programme of monitoring and evaluation in conservation and land management projects;
- Experience of ecological survey techniques;
- Experience of data analysis;
- Experience of geospatial mapping;
- Experience of writing project reports based on quantitative data;
- Experience of managing staff, students and volunteers in the outdoors under challenging terrain and weather conditions;
- Experience communicating project outcomes to a wide variety of audiences;
- The ability to work on own initiative to organise, prioritise and plan work independently and effectively to meet tight deadlines;
- A full UK driving licence and access to a vehicle;
- Ability and willingness to work in the Duddon Valley, Cumbria.

You may also have:

- An Outdoor First Aid qualification;

How to apply

You can apply for this role online; more guidance can be found on our [How to Apply](#) information page. Applications should be submitted by **23.59** (UK time) on the advertised closing date.

Our University

As an international research-intensive university, we welcome students and staff from all walks of life and from across the world. We foster an inclusive environment where all can flourish and prosper, and we are proud of our strong commitment to student education. Within the Faculty of Environment we are dedicated to diversifying our community and we welcome the unique contributions that individuals can bring, and particularly encourage applications from, but not limited to Black, Asian and ethnically diverse people; people who identify as LGBT+; and people with disabilities. Candidates will always be selected based on merit and ability.

The Faculty of Environment has received a prestigious Athena SWAN silver award from [Advance HE](#), the national body that promotes equality in the higher education sector. This award represents the combined efforts of all schools in the Faculty and shows the positive actions we have taken to ensure that our policies, processes and ethos all promote an equal and inclusive environment for work and study.

Working at Leeds

We are a campus based community and regular interaction with campus is an expectation of all roles in line with academic and service needs and the requirements of the role. We are also open to discussing flexible working arrangements. To find out more about the benefits of working at the University and what it is like to live and work in the Leeds area visit our [Working at Leeds](#) information page.

Candidates with disabilities
